A2. SERVICE CHARGES

UNITED TELEPHONE COMPANY
CHAPEL HILL, TENNESSEE

TENNESSEE
REGULATORY AUTHORITY
2nd REVISED SHEET 8

A2.1 Definitions

The term Service Charge as specified herein and in other schedules of this Subscriber Service Tariff is defined as a non-recurring charge or charges applying to the ordering, installing, moving, changing rearranging or furnishing of telecommunications service, miscellaneous and supplemental equipment and other telephone facilities. Service Charges are categorized as (a) Service Ordering Charge, (b) Central Office Line Connection Charge, and (c) Premises Visit Charge. (T)

(a) SERVICE ORDERING CHARGE

The term service ordering charge means the charge that applies per customer request for work performed by the Telephone Company in connection with the receiving, recording and processing of customer requests for service to be completed for the same account, at the same premises, at the same time.

(b) CENTRAL OFFICE LINE CONNECTION CHARGE

The term central office line connection charge means the charge that applies for arranging an exchange line to provide service between the central office and the customer's premises. The charge applies for work including but not limited to:

- (1) Making and changing connections in the central office.
- (2) Making and changing connections in distribution facilities between the central office and the customer's premises, including necessary cross connections and line and station transfers.

(c) PREMISES VISIT CHARGE

The term premises visit charge means the charge that applies for a visit to the customer's premises to perform work, other than disconnect work, requested by the customer. When more than one visit is necessary, for Telephone Company reasons, to complete the work, only one premises visit charge applies.

A2.5. Payment for Service

- (C)
- A. The subscriber is required to pay all charges for equipment, exchange services and facilities, and for toll messages (including charges for messenger service) in accordance with provisions contained elsewhere in these General Rules and Regulations. The subscriber is held responsible for all charges for telephone service rendered at his telephone, both exchange and toll, including charges for toll messages on which the charges have been reversed. All charges due by the subscriber are payable at the Telephone Company's Business Office or at any agency duly authorized to receive such payments. If the subscriber does not pay or dispute the bill by the due date, the telephone company may send out a late notice and consider the account for disconnection of service(s). If the subscriber disputes a bill, the Telephone Company will investigate the bill and take appropriate action(s).
- B. The customer shall pay monthly in advance or on demand all charges for service, equipment, long distance charges, local message charges or billed local usage. The customer is responsible for payment of all charges for services furnished the customer, including charges for services originated or charges accepted at the customer's premises.
- C. Late Payment Charge
1. A late payment charge of ten percent (10%) for residence and business customers may be charged for all exchange services and facility charges including services provided by a third party and billed on the Telephone Company bill.
 2. Late payment charges will be applied to the unpaid balance of each customer's bill when the previous month's bill has not been paid in full prior to the next billing date.
 3. Nonpayment of a late payment charge shall not be the sole cause for denial or termination of a customer's local exchange service.
 4. The late payment charge will not apply to:
 - a. Lifeline customers;
 - b. Any unpaid balance disputed or contested by the customer, including any applicable taxes, fees or charges directly related to the disputed amount, and
 - c. Previous unpaid late payment charges.
- G. Should service be suspended for nonpayment of charges, it will be restored upon payment of the charges applicable for restoration of service as provided in Section A2 of this Tariff.
- H. In its discretion, the Telephone Company may restore or reestablish service which has been suspended or disconnected for nonpayment of charges prior to payment of all charges due. Such restoration or reestablishment shall not be construed as a waiver of any such or other charges due and unpaid or for the violation of the provision of this Tariff; nor shall the failure to suspend or disconnect service for nonpayment of any past due account or accounts operate as a waiver to suspend or disconnect service for nonpayment of such account or of any other past due account.
- I. An administrative charge will be applied by the Telephone Company whenever a check or bank draft presented for payment for service is not accepted by the institution on which it is written.
- (C)
1. Returned check/bank draft

| | |
|---------|---------|
| | Rate |
| a) Each | \$25.00 |
- (I)
- J. Residence subscribers with overdue bill balances for their existing service, which has been temporarily suspended for nonpayment, who are unable to pay the charges in full may be allowed to retain their local service if they elect to have a full toll restriction placed on their existing service, at no charge, until the charges are paid. These customers may arrange to pay the outstanding balance in up to twelve (12) monthly installment payments.
